Board of Selectmen Town of Greenwood, Haine

We have audited the accompanying financial statements of the various funds and account groups of the Town of Greenwood, Maine for the year ended December 31, 1989 as listed in the foregoing table of contents. These financial statements are the responsibility of the management of the Town of Greenwood. Our responsibility is to express an opinion on these financial statements based on our audit.

We have conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and diaclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Town has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

The Town uses the net budget method for the general revenue funds, which does not conform with generally accepted accounting principles. This method of accounting causes revenues to be credited against expenditure accounts.

In our opinion, except for the effects of not recording general fixed assets and utilizing the net budget method as discussed in the preceding two paragraphs, the financial statements referred to above present fairly, in all material respects the financial position of the various funds and account groups of the Town of Greenwood, Maine at December 31, 1989 and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles.

The accompanying supplemental schedules are not necessary for a fair presentation of the financial statements, but are presented as additional supplementary data. This information has been subjected to the tasts and other auditing procedures applied in the examination of the financial statements mentioned above, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TOWN OF GREENWOOD NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 1989

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Greenwood conform to generally accepted accounting principles as applicable to governmental units, except that the Town does not record the general fixed assets group of accounts and uses the net budget method of budgeting and accounting.

A. Basis of Presentation:

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. The various funds are grouped by type in the financial statements.

Governmental Funds:

General Fund - The general fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund is paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Fiduciary Funds:

Fiduciary and reserve funds have been placed in savings accounts to be used for specific expenditures.

"Memorandum Only" Total Columns:

Included on the combined financial statements are total columns captioned "Memorandum Only" to indicate that they are presented only for informational purposes. Adjustments to eliminate interfund transactions have not been recorded in arriving at such amounts and the memorandum totals are not intended to fairly present the financial position or results of operations of the Town, taken as a whole.

Additionally, the 1988 totals presented in the "Memorandum Only" columns are included to provide a summarized comparison with comparable 1989 amounts and are not intended to present all information necessary for a fair presentation of financial position and results of operations in accordance with generally accepted accounting principles.

B. Basis of Accounting:

The modified accrual basis of accounting is followed by the Governmental funds. Under the modified accrual basis of accounting, revenues are recorded when received in cash except for property tax revenues which are recorded as deferred tax revenues unless collectible within sixty days following the year end. Expenditures, other than interest on long term debt, are recorded when the liability is incurred.

C. General Fixed Assets:

The Town does not maintain a record of its general fixed assets. Expenditures for property and equipment are charged against departmental operations whenever such items are purchased.

GREENWOOD'S TOWN MEETING ELM

Many of the early plantation meetings were held under the town meeting elm.

The last plantation meeting was held on September 21, 1815. The settlers petitioned the general court of Massachusetts in 1815 to be incorporated as the Township of Russia. The court apparently did not approve of the name, and the incorporation papers were signed February 2, 1816 as the township of Greenwood, the 213 town in Maine. There has been much speculation about the town's name, but nothing has been proven.

The first town meeting was held at the school house March 23, 1816, and the following officers chosen: Moderator; Noah Tobey, Clerk; Paul Wentworth, Selectmen and Assessors; John Small, Capt. Isaac Flint, and Jeremiah Noble, Treasurer; Frederick Coburn and Collector and Constable; James French. Sixteen others were chosen to fill minor town offices.
